

# FINDING THE BALAMORY HOUSES!

The BBC finished filming Balamory and the previously famous coloured houses of Tobermory in 2004, so Spencer's been a bit naughty and some of the houses have changed colour!

1. **SPENCER'S HOUSE.** This is now beige in colour and is a private house. It is opposite an artist's studio.
2. **MISS HOOLIE'S HOUSE.** Beul an Atha B&B and a private house; this is now dark blue.
3. **SUSIE SWEET'S.** This was the Mull Theatre Box Office; the sign is still there. It hasn't changed colour; the BBC used a special set in front of it to make it red.
4. **P C PLUM'S HOUSE.** This is still white and is a private house.
5. **JOSIE JUMP'S HOUSE.** This is still very yellow and is the Park Lodge Hotel.
6. **EDIE MCREIDIE'S.** This is now the Chocolate shop and factory and has a café.
7. **FIRE STATION** - Tobermory's real Fire Station - did you know our fire engines are smaller than ones in big towns and cities?
8. **POST OFFICE.** Tobermory's real Post Office.

**NOTE TO MUMS & DADS** - Archie's pink castle isn't in Tobermory; it's Fenton Tower near North Berwick. Please note some of our roads don't have pavements - take care!

**PUBLIC TOILETS** in the white Harbour Association building with the round tower near the main car park and bus terminus.
